

## Uki Certic

Born in the capital of former Yugoslavia and what is Serbia today, Uki has extensive Film and TV experience. Since he started working as a background performer in B.C's film industry 5 years ago he has come a long way and accomplished so much in such a short period of time, which doesn't come as a surprise considering his extensive sports, martial arts, racing and training experience. He is a full member of the Union of B.C Performers and ACTRA and is on the "stunt list" which is a list of Canada's professional stunt men and women. A true all around athlete that

has played pro soccer in Serbia, high school athlete of the year a couple of times starring in track and field, basketball teams and judo and kickboxing. Since he tried his 1<sup>st</sup> wheelie 3 years ago he has become a semi- pro stunt rider sponsored by Akuma Helmets and 5<sup>th</sup> Gear Motorsports, riding in all major events in British Columbia ranging from multiple annual charity shows for sick children, Cops for Cancer, various Elementary schools, to the B.C Place Monster Trucks 15,000 people event, Mission Raceway Race days, Abbotsford Monster Spectacular and many more. He has done shows and demonstrations in Las Vegas, Long Beach, Edmonton and his home town Belgrade. One of the original riders in the first Throttle Trauma film, he came back for the second one as well, which earned an XTREMY stunt award for 2009. Always fun to watch with his unique style, and is known to push himself and especially his bike to the limits until the bike or its tires literally BLOW UP. Make sure you don't blink when he is out there!
